Product Name :
Strain Gauge Application Set

Product Code :
LBNY-0005-101000110

www.laboratoryinstrumentindia.com

Description :

Strain gauges with single measuring grids, parallel measuring grids and measuring grids at 90° / 45° angles
Strain gauges for steel or aluminum components
Learning package with text book, exercise script and video
Complete set of components for application of strain gauges
All necessary tools, adhesives and other aids included in the set
Lockable carrying case.

Technical Specification :

Technical Data:

Strain gauge: 350 Ohm
10 strain gauges, parallel measuring grids, for steel
10 strain gauges, single measuring grids, for steel
10 strain gauges, 45° measuring grids, for steel
10 strain gauges, 90° measuring grids, for steel
10 strain gauges, single measuring grids, for Aluminum
Ribbon cable: 6x0,14mm²
Soldering bit: 16w
Magnifying glass: 6-times magnification.
