Product Name :
Friction on the Inclined Plane

Product Code :
LBNY-0005-101000127

Description :

Inclined plane with plastic coating, drag link with angle scale and ball bearing-mounted deflection roller.
Angle of plane adjustable.
Box to house the components.
Graduated weight set.
Experiment relating to friction on the inclined plane.
Two samples: 1x steel / polypropylene, 1x aluminium / brass.

Technical Specification :

Friction on the Inclined Plane
