Product Name :
Physics Lab Sets Electricity

Product Code :
LBNY-0002-700009

Description :

Physics Lab Sets Electricity

Technical Specification :

Physics Lab Sets Electricity

Basic Electricity and Magnetism experiments through full-color manuals, understand the basic principles, and help children learn, think and explore.

The basic Electricity and Magnetism experiments kit includes everything that you need to get started, provides a hands-on opportunity for students in grades 7-11 to build simple electrical and magnetic models.

Ready right out of the box (except 2 AA batteries). Comes with switches, wires, bulbs, LED...All the different parts can store in a Transparent box.

This Electricity and Magnetism Experiment kit can build many projects: Simple circuit, Series Circuits, Parallel Circuits, Stair double switch circuit, Electromagnet, Hand Crank Generator, wind power car, Light up led, traffic light.
