Product Name :
Electronics STEM Kit

Product Code :
LBNY-0002-700012

Description :

Electronics STEM Kit

Technical Specification :

Electronics STEM kit

STEM based electronics kit will bring out your innovative ideas. Explore different possibilities with our DIY kit. Different real-world sensors like Gas/Smoke sensor, Fire sensor, Water sensor, Infrared, Photoresistor, touch sensors and many more are included.

Build interesting projects like Bugler alarm, Laser Security system, overhead tank alarm, line following car, Obstacle avoiding car, automatic water tap etc.

Use processors capability to build series and parallel circuit projects. Sky is the limit for your innovation.

Electronics STEM Kit, Electronics STEM Kit Equipments, Electronics STEM Kit Tools, Electronics STEM Kit Tool Kits, Electronics STEM Kit Manufacturers, Electronics STEM Kit Suppliers from India, China, Kenya

Laboratory Instrument India
