Product Name :
Coanda Effect

Product Code :
LBNY-0005-103000203

Description :

Demonstration of the Coanda effect in pneumatic logic elements
Y-channel with pivoting and sliding elements and vertical sliding wedge for adjusting different contours
Transparent plate with vertical, horizontal and radial scales
Adjustable contours for varying the air flow
Accessories for Aerodynamics Trainer.

Technical Specification :

Technical Data:

Nozzle outlet
Length: 100mm
Width: 0...50mm
Wedge, sliding: 0...140mm
Pivoting and sliding elements: 0...90.
