**Product Name :**  
Coriolis Force

**Product Code :**  
LBNY-0005-103000249

**Description :**

Visualisation of the Coriolis force effect  
Deflection of a water jet in radial direction dependent on the speed and direction of rotation  
Rotating reference frame consisting of transparent water tank with submersible pump on a rotating arm  
Speed sensor with digital display  
Scale to read the deflection of the water jet  
Closed water circuit.

**Features:**

Rotating reference system  
Water jet as moving mass  
Visualisation of the Coriolis force effect.

**Technical Specification :**

Coriolis Force
