Product Name :
Three Phase Synchronous Machine

Product Code :
LBNY-0005-10500045

Description :

Three-Phase Synchronous Machine with smooth inductor and three-phase stator armature winding for operation either as alternator or synchronous motor.

Power: 1 kVA

Current: 2.6/1.5 A /Y

Voltage: 220/380 V/Y

Rated speed: 1500 rpm, 50 Hz

Rated speed: 1800 rpm, 60 Hz

Technical Specification :

Three Phase Synchronous Machine

Laboratory Instrument India
