Product Name :
Maintenance Kit containing Vacuum Pump Hoses and Manometers

Product Code :
LBNY-0002-710021

Description :

Maintenance Kit containing Vacuum Pump Hoses and Manometers

Technical Specification :

Maintenance Kit containing Vacuum Pump, Hoses and Manometers.
The Maintenance Kit containing Vacuum Pump, Hoses and Manometers, contains the necessary elements to carry out the loading and unloading of a cooling system.

This included:

- Manifold gauge set with 91cm long hoses.
- Quick connect couplers with shut-off valve for R134A.
- Vacuum pump with oil.

Maintenance Kit containing Vacuum Pump Hoses and Manometers, Maintenance Kit containing Vacuum Pump Hoses and Manometers Equipments, Maintenance Kit containing Vacuum Pump Hoses and Manometers Tools, Maintenance Kit containing Vacuum Pump Hoses and Manometers Tool Kits, Maintenance Kit containing Vacuum Pump Hoses and Manometers Manufacturers, Maintenance Kit containing Vacuum Pump Hoses and Manometers Suppliers from India, China, Kenya
