Product Name :
Microwave UHT Add On

Product Code :
LBNY-0005-10700034

Description :

Compact, mobile, easy to install
Temperature output for data logging
Rapid heating of product to 140°C in less than one second
Reflected power monitor for fine tuning of the microwave system
Various holding tubes
Versatile
Product temperatures up to 160°C
Dielectric heating with microwave energy.

Technical Specification :

Microwave UHT Add On
