**Product Name :**  
Car Air Conditioning System

**Product Code :**  
LBNY-0005-10800029

**Description :**

Ideal for training in the operation, maintenance, repair and troubleshooting.

**Main Features:**

- Piston compressor
- Condenser
- Dehydrating filter
- Max. power 2 kW
- Cooling liquid 400gt
- Troubleshooting device for simulation of 4 faults
- Nomenclature table
- Pressure switch
- Resistor
- Thermostat
- Expansion valve
- Evaporation unit.

**Technical Specification :**

Car Air Conditioning System
