Product Name :
Grinding Kit

Product Code :
LBNY-0005-10900018

Description :

The kit is used primarily for viewing and information purposes. The kit is clearly laid out on a plastic tray. The well-structured instructional material enhances the informational value of the kit. No provision is made for conducting exercises or experiments. It includes 13 different grinding tools and abrasives. The largest tool diameter is 115mm.

Technical Specification :

Abrasives and grinding tools demonstration kit

All parts clearly laid out on a plastic tray

Multiple trays stackable

Content: 6 different grinding wheels, 5 sheets of abrasive paper with different grain sizes, 1 cylindrical abrasive pencil, 1 hand finishing stick

Technical Data:

Abrasive paper: P=40, 100, 180, 320, 400

3 Flat grinding wheels: 1x for structural steel (rough grinding), 1x for tool steel (medium standard), 1x for hard metal (fine grinding)

1 Right angle grinder for surface grinding

1 Abrasive pencil with shaft

1 Depressed centre wheel

1 Cup grinding wheel

1 Hand finishing stick (fine grain).
