Product Name :
Safety Catch

Product Code :
LBNY-0005-10900033

Description :

The surfaces of the steel parts have a gunmetal finish to prevent corrosion. The safety catch model forms part of the extensive course providing an introduction to technical drawing. The approach involves teaching the systematic and transferable learning matter based on an operational mechanism. Comprehensive and well-structured instructional material supports wide-ranging use of the model in technical training. All parts, made from steel, are precision-manufactured on CNC machines.

Technical Specification :

All safety catch components made from steel, precision-manufactured, with gunmetal surface finish
Part of the technical drawing course
Practical working model of a pawl
Instructional material incorporates action-oriented and interdisciplinary forms of teaching.
Dimensions and Weight of Safety Catch
l x w x h: 125 x 100 x 60 mm
Weight: 2 kg.
