Product Name :
Set Of Sectioned Components For Thermic Plants

Product Code :
LBNY-0005-11200029

www.laboratoryinstrumentindia.com

Description :

The Set Of Sectioned Components For Thermic Plants includes some of the most important components, used in thermic plants. Special explanatory technical plates show each sectioned component explaining its operation with notes, drawings and technical data. The use of contrasting colours according to a pre-established code simplifies the informative process as well as the learning one. In sectionizing each component the best care has been taken to evidence all the interesting constructive detailed features.
