Product Name :
Mahler Calorimeter For Determining Heat Of Combustion

Product Code :
LBNY-0005-11200049

Description :

Mahler Calorimeter For Determining Heat Of Combustion allows to measure the heat from combustion of several substances such as both liquid and solid hydrocarbon fuels with low and high volatility.

Technical Specification :

Weight and dimensions:

Dimensions: 330 mm. external dia x 750 h mm.

Net weight: 35 kg.

Service Requirements:

Electrical supply: 220V A.C. single-phase, 50/60 Hz, 100 VA.
