Product Name :
Computerized Heat Transfer Study Units

Product Code :
LBNY-0005-11200060

www.laboratoryinstrumentindia.com

Description :

A bench top service unit makes it possible to supply the electrical feedings and measurement facilities. The Computerized Heat Transfer Study Units has been designed to carry out experiments concerning the basic modes of heat transfer. Thus the student can investigate conduction, convection, radiation and their combined effects, no steady state and measurement errors.

Technical Specification :

Computerized Heat Transfer Study Units
