**Product Name :**  
Single Phase Motor Testing And Failure Simulation Set

**Product Code :**  
LBNY-0005-11700017

[www.laboratoryinstrumentindia.com](http://www.laboratoryinstrumentindia.com)

**Description :**

Testing And Failure Simulation Set for a single-phase motor (sealed and semi sealed compressor) used in cooling and climate control units.

Portable electric panel consisting of:

Back panel

Upper side of trainer

Front Panel, side A

Front Panel, side B.

**Technical Specification :**

Single Phase Motor Testing And Failure Simulation Set

**Laboratory Instrument India**
