Product Name :
Ignition Distributor

Product Code :
LBNY-0005-1200005

Description :

The distributor's main function is to route secondary, or high voltage, current from the ignition coil to the spark plugs in the correct firing order, and for the correct amount of time. A distributor is an enclosed rotating shaft used in spark-ignition internal combustion engines that have mechanically-timed ignition.

Technical Specification :

Ignition Distributor
