Product Name :
Multi Link Rear Suspension

Product Code :
LBNY-0005-12000026

Description :

The compression can be clearly demonstrated. The differential and one brake drum for the parking brake are cut away. The construction of the axle with its five links is easily distinguished by the use of colour markings. The axle is complete with brake calipers, brake disks, axle shafts, springs and shock absorbers.

Technical Specification :

Multi Link Rear Suspension
