Product Name :
Speed Dual Clutch Transmission

Product Code :
LBNY-0005-12000039

Description :

The transmission is rotating, the dual-clutch is also movable and oil pump runs along. This is a 7-speed dual-clutch transmission from in transaxle construction with self-locking differential. Shift forks can be actuated manually.

The following are easy to recognize:

- Self-locking differential
- Dual clutch
- Oil filter
- Oil pump
- Gear wheels
- Shift forks
- Mechatronics
- Parking lock.

Technical Specification :

Speed Dual Clutch Transmission
