Product Name :
Radial Piston Distributor Injection Pump

Product Code :
LBNY-0005-1200071

Description :

All components are cut away:

- Injection timing device
- Distributor plunger
- Pump timing case
- Cam ring
- Vane-type pump
- Solenoid valve

The following functions can be demonstrated:

- Incremental angle / time recording,
- Distribution
- Fuel feed
- Injection timing.
- Operation of the high-pressure piston
- The return flow throttling valve
- The shut-off valve
- The solenoid valve.

Technical Specification :

Radial Piston Distributor Injection Pump

Laboratory Instrument India
