**Product Name :**  
Motronic M1.5 Fuel Injection Wet

**Product Code :**  
LBNY-0005-120000134

**Description :**

Self contained, fully operational Fuel Injection Board.  
The fuel injector board offers an enhanced training resource, hands-on training with real components, better understanding for the student without the constraints of the modern motor vehicle.  
Complete with all actuators and sensors. Manufactured using components from the original engine build.  
Components arranged for ease of use and identification.  
Available in wet running version or dry running, using LEDs to indicate injection operation.  
Pin-out facility on all electrical components using 2 mm sockets enabling real-time values to be taken without compromising the wiring harness.  
Diagnostic sockets fitted where applicable to the original system.

**Technical Specification :**

Motronic M1.5 Fuel Injection Wet
