Product Name :
4 Cylinder Carburetor Engine

Product Code :
LBNY-0005-120000156

Description :

Engines can be supplied with fault insertion boards, this allows a range of open circuit and high resistance faults to be inserted, designed to aid teaching diagnostics, fault finding and troubleshooting. Self-contained fully operational motorbike engine rigs. Complete with start, charge, fuel, air-intake, cooling and exhaust systems. Pin-out facility on all sensors and actuators 2mm sockets enabling real-time values to be taken without compromising the wiring harness. The engine rigs are manufactured to replicate the engine bay of the donor bike.

Technical Specification :

Engine Rig mounted on a self-contained stand complete with castors
Rotating parts covered by mesh guards
Powder coated paint finish
Fully operational motorcycle engine rig, complete with fuel, cooling, exhaust and ignition systems
Based on a four cylinder motorcycle engine, complete with carbureted fuel system.
