Product Name :
Professional Trainer Set Electronic Engineering Lab

Product Code :
LBNY-0002-620033

Description :

Professional Trainer Set Electronic Engineering Lab

Technical Specification :

Professional Trainer Set

The switch actuator uses potential free contacts to switch 8 independent electrical loads. The device has integrated energy functions.

This includes independent load current measurement in each output and easy to use calculation of power and energy consumption for each output or groups of outputs. Via an integrated load shedding object an integration in a load control system can be easily realized.

Output Switch Actuator, 8 ch, 20A

Power supply, 30V, 38.4Watt, 640mA

Dimmer Actuator, 2ch, N582

Shutter Actuator, 2ch,

USB Interface, dinrail mount

Push Button, 8 fold
