Ĺ	Email : sales@laboratoryinstrumentindia.com
Product Name : Power Steering Trainers	Product Code : LBNY-0005-120000210
www.laboratoryinstrum	nentindia.com
Description :	
Description : An ampere meter provides an indication of the load and an hydraulic fluid circuit. Produces two types of Power Steering operation of power steering systems. In both trainers an electric drive. A resistance mechanism provides realistic operation	g Trainers to demonstrate the principles and ectrical motor drives the hydraulic pump with belt
