Product Name :
Electrical Transformer Trainer Electronic Engineering Lab

Product Code :
LBNY-0002-620036

Description :

Electrical Transformer Trainer Electronic Engineering Lab

Technical Specification :

Electrical Transformer Trainer
Experiment;- Single Phase Paralleling Transformer
Single Phase Open Circuit of Transformer
Three Phase Transformer in Parallel
Three Phase Banking of 3, Single Phase Transformer

Technical Features:

Variable Three Phase Power Supply AC
Power supply provides variable Three Phase Voltage
