Description :

This training unit includes an electric motor which rotates the engine at a low RPM to show the operation and interaction of the internal working components. The Engine Cutaway Trainer is a complete late model front-wheel drive engine and transaxle with sections cut away to expose the internal mechanical operating systems. A Reference Package is provided, which includes service information specific to this engine. Intake, Exhaust, Cooling, and Lubrication systems are color coded to provide visual cues and allow for easy identification.
