Product Name :
House Installation Trainer Electronic Engineering Lab

Product Code :
LBNY-0002-620038

Description :

House Installation Trainer Electronic Engineering Lab

Technical Specification :

House Installation Trainer
Circuit symbols, number codes of installation cables
Wiring diagrams
Circuits with electrical sockets and lamps
Dimmer circuits
Circuits with motion detector
Circuits with toggle switch
Circuit with crossover switch
Circuit with impulse switch
Stair case time switch
Measurements in faulty circuits.

Experiments:

Electrical Safety Rules for working in laboratories
Variety of wiring experiments based on above operational panels
Study of Protective Devices Panel
Study and use of Measurement Devices
Understanding working of various types of lamps including tube, led & other high intensity lamps
Hands on wiring practice using cables, casing and hand tools.

Electrical Machine Trainer Electronic Engineering Lab, Electrical Machine Trainer Electronic Engineering Lab Equipments, Electrical Machine Trainer Electronic Engineering Lab Tools, Electrical Machine Trainer Electronic Engineering Lab Tool Kits, Electrical Machine Trainer Electronic Engineering Lab Manufacturers, Electrical Machine Trainer Electronic Engineering Lab Suppliers from India, China, Kenya
