

Email : sales@laboratoryinstrumentindia.com

Product Name :
Industrial Installation Trainer Electronic Engineering Lab

Product Code :
LBNY-0002-620039

Description :

Industrial Installation Trainer Electronic Engineering Lab

Technical Specification :

Industrial Installation Trainer
Wiring diagrams
Categories for switches and contactors
And - / or circuits with and without selfholding
Auxilliary contactors
Interlocking pushbutton - and contactor circuits
Circuits with switch on - switch off delay
Flashing cirucits
Sequence control
Directly switching on a motor
Reverse contactor circuit
Star-delta circuit
Pole-changing of motors

Industrial Installation Trainer Electronic Engineering Lab, Industrial Installation Trainer Electronic Engineering Lab Equipments, Industrial Installation Trainer Electronic Engineering Lab Tools, Industrial Installation Trainer Electronic Engineering Lab Tool Kits, Industrial Installation Trainer Electronic Engineering Lab Manufacturers, Industrial Installation Trainer Electronic Engineering Lab Suppliers from India, China, Kenya
