Product Name :
Wiper Washer System Trainer

Product Code :
LBNY-0005-120000267

Description :

Wiper Washer System Trainer allows for instructor demonstration, student hands-on reinforcement and troubleshooting practice. The Wiper Washer System Trainer is part of an electrical system program which presents the live operation and study of wiper washer systems. Powered by a 12VDC automotive battery or a 12VDC/23A power supply (not included).

Features:

- Provides an advanced level of instruction by duplicating actual on-vehicle troubleshooting procedures.
- Hard faults can be inserted by using the built in keypad on the Wiper/Washer System Trainer.
- Ability to perform actual service manual test procedures.
- Intermittent and hard faults can be inserted using the Instructor New vehicle components, connectors, and factory wire colors.
- Management Program (IMP) via a computer connected to the trainer.
- Battery posts are protected against polarity reversal.
- Includes external power supply for uninterrupted fault operation.
- Courseware includes Instructor Guide, Student Manual, and Service Manual Information.
- Compatible with Instructor Management Program.
- User interface displays built in scan tool data.
