Product Name:

Inverter Air Conditioner Training Equipment

Product Code: LBNY-0005-12100037

Description:

Inverter Air Conditioner Training Equipment can be used to train students to master the theoretical knowledge and refrigeration professional practice skills of inverter air conditioning system.

Technical Specification:

Dimension: about 950*800*1750mm Power supply: AC220V, 50HZ, 1.5KW
