Product Name :
Cutaway Scroll Type Air Conditioner Compressor With Slipping Clutch

Product Code :
LBNY-0005-121000243

www.laboratoryinstrumentindia.com

Description :

The Cutaway Scroll Type design is equipped with an operational OEM 12VDC electromagnetic clutch that can be applied or disengaged with a switch. Amount of slippage is adjustable by a control knob. Also includes a feature that allows the demonstration of improper performance caused from a slipping compressor clutch.

Main Features:

Features a control that allows engagement or disengagement of the compressor clutch circuit.
Allows visualization of internal operation of a scroll-type AC compressor.
Can demonstrate the improper performance caused from a slipping clutch.
Driven by hand crank.
Requires a separate power supply or 12VDC battery to operate.
Clutch control is protected with a 5A replaceable fuse.

Technical Specification :

Cutaway Scroll Type Air Conditioner Compressor With Slipping Clutch
