Product Name :
Workshop Grinding Machine

Product Code :
LBNY-0004-730005

Description :

Workshop Grinding Machine

Technical Specification :

Grinding Machine

Apply to manufacturer of scissor, various garments, knitting fabrication, shoes & hat, padding cloth, case & bags, leather, plastic etc.

No noise, no vibrating. With nice shape and good stability.

Light weight & volume. More safety & reliable.

High efficiency. Model No.2 butterfly scissor can come to over on 100/hour

Hygiene and clean, chilling water can not be spread away.

Easy to operate, workers can operate it without special training.

Dimension(L*W*H):430*310*310mm

Grinding wheel: 180mm

Max. Grinding Diameter: 12 inch

Power(W): 120W

Voltage: 220v

Weight (KG): 18

Max. Grinding Length: 500mm
