Product Name :
Two Wheel Hydraulic Brake Trainer

Product Code :
LBNY-0005-121000268

Description :

The trainer provides a safe and effective method of demonstrating the principles of hydraulic braking systems used on today's vehicles. The Two Wheel Hydraulic Brake Trainer is used to demonstrate the functionality of a typical non-ABS braking system as it operates on a real vehicle. The trainer can be used in the classroom environment for demonstrations to students. The trainer is built with OEM components and is based on the Kia Rio platform.

Advantages:

Provides easy access to all brake components without the confinements of a real vehicle
Demonstrates full functionality of a 2-wheel hydraulic brake system
Pressure gauges show actual braking pressure at each wheel.

Technical Specification :

Two Wheel Hydraulic Brake Trainer
