**Product Name :**Two Wheel Hydraulic Brake Traine

Product Code: LBNY-0005-121000268

## **Description:**

The trainer provides a safe and effective method of demonstrating the principles of hydraulic braking systems used on todays vehicles. The Two Wheel Hydraulic Brake Trainer is used to demonstrate the functionality of a typical non-ABS braking system as it operates on a real vehicle. The trainer can be used in the classroom environment for demonstrations to students. The trainer is built with OEM components and is based on the Kia Rio platform.

## Advantages:

Provides easy access to all brake components without the confinements of a real vehicle Demonstrates full functionality of a 2-wheel hydraulic brake system Pressure gauges show actual braking pressure at each wheel.

## **Technical Specification:**

Two Wheel Hydraulic Brake Trainer
