Product Name :
Cutaway Starting System Trainer

Product Code :
LBNY-0005-121000287

Description :

Key areas of the starter have been cutaway to allow visual observation of major components while still being functional. The Cutaway Starting System Trainer allows for the demonstration of a complete starting system using real-world components. Requires a 12V battery or jump box to operate.

Advantages:

- Fully functional cutaway starter
- Demonstrates starter planetary gear reduction
- Ability to test and verify a basic starting circuit
- Allows students to view all internal starter components during live starter operation
- Starter is enclosed in plexiglass to ensure student safety
- The starter solenoid can also be bridged with a remote starter switch (not included) using the solenoid primary terminals
- Four operational faults can be inserted to promote student diagnostic troubleshooting competencies.

Features:

- Clutch pedal safety switch
- Crank relay
- Electrical test points for crank relay
- Ford Modular solenoid (cutaway)
- Ford Modular starter (cutaway)
- Ignition switch
- Electrical test points for testing and diagnosis
- Lockable fault box with four manually selected operational faults.

Technical Specification :

Dimensions: 22 x 22 x 6 in (55.9 x 55.9 x 15.2 cm) / 24 x 24 x 13 in (60.9 x 60.9 x 33 cm) (w/packaging)
Weight: 23 lb (10.5 kg) / 29 lb (13.2 kg) (w/packaging).
