Product Name :
HGV Air Braking System With ABS ASR Cutaway

Product Code :
LBNY-0005-121000324

Description :

The hydro-pneumatic braking system and the braking system with the olive pivot are displayed. It is complete with all connection circuit components and everything else required for the teaching purposes this panel is intended for. Wall panel including all the elements of a compressed air braking system. The connection pipes are painted in different colours, in order to differentiate the different circuits.

The components:

Compressor
Foot brake and Load sensing valves
Brake chamber VA
Three-stop Cylinder HA
Air Dryer with Unloader
3 tanks
Couplings Head supply and Head brake
ABS Solenoid Valve, ABS Connection and ABS Solenoid Valve
Four-circuit Protection, Check, Hand Brake, Relay, Trailer Control and Two-way Valves
ABS Sensor
Drum and Disc Brakes.

Technical Specification :

HGV Air Braking System With ABS ASR Cutaway
