Product Name :
Workshop Cabinet (For Tools Storage)

Product Code :
LBNY-0004-760008

Description :

Workshop Cabinet (For Tools Storage)

Technical Specification :

Special Design: Designed specifically for woodworking tools.

Slim Fit: These tool cabinets fit in narrower places, so you can have great tool storage that works with your space.

Durable Construction: Constructed from solid maple and maple veneers.

High Capacity: Upper interior and doors are lined with pegboard, maximizing hanging space.

Great Shelving: Includes one fixed, and two adjustable, 1"-thick plywood shelves.

Easy Plug-in: Includes a mounted plug-mold strip with six outlets, switch, breaker, cord, and plug.

Multipurpose: A great addition to your maintenance room or woodworking area. Choose from a selection of models to fit different kinds of tools.

Secure Storage: With two sets of locking doors, tools stay protected when not in use.
