

Email : sales@laboratoryinstrumentindia.com

Product Name :
Kit For The Study Of Digital Electronics

Product Code :
LBNY-0005-12400042

Description :

Composed of of Kit For The Study Of Digital Electronics
Sub module with Flip Flop JK Master Slave
Sub module with Flip Flop D Master Slave
Sub module with 4 AND gates and 4 OR gates
Sub module with 4 EXOR gates and 6 NOT gatesv
Sub module with 4 NAND gates and 4 NOR gates
Sub module with multiplexer and Demultiplexer
Sub module with oscillators
Sub module with latch & buffer circuit
Sub module with up down counter
Sub module with 7 segment display
Sub module with shift register.

Technical Specification :

Kit For The Study Of Digital Electronics

Laboratory Instrument India
