Product Name :
Power Supply Regulators

Product Code :
LBNY-0005-12400056

Description :

Theoretical topics:

Diodes circuits
Switching regulator
Fault simulation
AC/DC conversion
DC/AC conversion
Voltage regulator with transistor
Variable IC voltage regulator with overload protection.

Circuit blocks:

Diodes
Circuit protect
Switching regulator
AC/DC converter
DC/AC converter
Shunt voltage regulator
Variable IC voltage regulator.

Technical Specification :

Power Supply Regulators
