

Email : sales@laboratoryinstrumentindia.com

Product Name :
Electric Networks

Product Code :
LBNY-0005-12400066

Description :

Theoretical topics:

First Kirchoff principle
Second Kirchoff principle
Series parallel connection
Series resistances
Parallel resistances
Theorem of the effect superposition
Thevenin theorem
Elements of an Electric Networks: node, arm, mesh
Voltage dividers
Fault simulation
Norton theorem
Millman theorem.

Technical Specification :

Circuit blocks:

Series resistors and Kirchoff voltage law verification
Effect superposition
Parallel resistors and Kirchoff current law verification
Series •parallel resistors
Millman theorem
Voltage divider

Thevenin theorem
Norton theorem.
