

Email : sales@laboratoryinstrumentindia.com

Product Name :
Electric Power And Energy

Product Code :
LBNY-0005-12400070

Description :

Theoretical Topics:

Thermal effect of the current: Joules law
Practical applications of the Joules law
The power and the electric energy
Fault simulation
Energy transfer from a supply unit to a load
Their measurement
Energy balance and efficiency
Adaptation of the load.

Circuit blocks:

Bimetallic sheet switch: thermostat
Energy balance and efficiency
Electrical power in parallel connection
Energy: Joules law
Electrical power in series connection.

Technical Specification :

Electric Power And Energy

Laboratory Instrument India
