Product Name :
Summing Point 5 Inputs

Product Code :
LBNY-0005-12600071

Description :

Five input summing point; the remaining inputs, one inverting and one non inverting, can be used to add the noise variables; three of them, non inverting, can be used in the realization of particular configurations of the controller, using separately the elements P, I and D.

Technical Specification :

Technical features:

Gain factor = 1

Led indicator of over range.

Power supply: +15 V ; 0 V ; 15 V

Signal voltage range: 10V, ..., +10V.

Gain factor = 1

Led indicator of over range.

Power supply: +15 V ; 0 V ; 15 V

Signal voltage range: 10V, ..., +10V.
