

Email : sales@laboratoryinstrumentindia.com

Product Name :
Water Treatment Plant

Product Code :
LBNY-0005-12700022

Description :

Adsorber, Cation Exchanger, Mixed Bed Ion Exchanger
Separate Supply Unit With Tanks For Raw Water And Treated Water
Raw Water Tank With Possibility Of Aeration
Gravel Filter And Sand Filter With Differential Pressure Measurement
Flow Rate Measurement Of Raw Water
Measurement of conductivity and temperature after each treatment stage
3 Unit Operations In Water Treatment: Depth Filtration, Adsorption, Ion Exchange
Gravel Filter, Sand Filter, Aluminium Oxide Adsorber, Activated Carbon.

Technical Specification :

Water Treatment Plant

Laboratory Instrument India
