Product Name:

Centrifugal Pump Standard Design

Product Code: LBNY-0005-12700065

Description:

Powered by Universal Drive and Brake Unit Pressure sensors at the inlet and outlet of the pump Examination of a standard centrifugal pump Pressure display on the display unit Operation with Supply Unit for Water Pumps

Technical Specification:

Standard centrifugal pump

Max. head: 22m

Nominal speed: approx. 2900min-1

Max. flow rate: 24m3/h.
