**Product Name :**  
Funicular Polygon And Forces Apparatus

**Product Code :**  
LBNY-0005-13300020

**Description :**

Demonstrates Equilibrium Of Forces At A Point, Applied To Various Points Round A Disc Or Acting On A Rectangular Lamina  
Concurrent & Non-concurrent coplanar forces  
Effective Teaching  
Self-Contained, Bench Mounted  
Practical Verification Of Triangle Of Forces, Polygon Of Forces And Link Polygon  
Direct Measurement Of Forces  
Adjustable Lines Of Action Of Forces.

**Technical Specification :**

Funicular Polygon And Forces Apparatus

**Laboratory Instrument India**
