**Product Name :**  
Variable Scale Differential Micromanometer

**Product Code :**  
LBNY-0005-13700010

[www.laboratoryinstrumentindia.com](http://www.laboratoryinstrumentindia.com)

**Description :**

This instrument is a Differential Micromanometer inclinable scale and it measures the pressures or depression, low valve.

**Technical Specification :**

Weight and dimensions:  
Dimensions: 500 x 200 x 500 h mm  
Weight: 3.5 kg.
