Product Name :
Rebar Bend Testing Machine For Iron Forging

Product Code :
LBNY-0005-1530005

Description :

Safe: specimen bending directly into sealed test table, safe to operate.
Dust-proof: unique dust resistant unit protects ball screw from oxide coating.
Small footprint saves space for testing.
Operating: digital buttons, touch-screen interactions, performing operations through only some simple clicks.
Effortless: requiring only one operator, who clicks the buttons to perform tests.

Technical Specification :

Rebar Bend Testing Machine For Iron Forging
