Product Name :
Four Wheel Disc And Drum Disc Trainer

Product Code :
LBNY-0005-18600044

Description :

Features:

Automotive components with fully functional 4-channel hydraulic system with full traction control
Built in pressure pump for Traction Control operation
Hydraulic pressure gauges at each wheel
Functioning ignition system
Bar graph displays on front panel showing brake pressure at each wheel
Digital instrumentation indicating fuel injector pulse and spark control
Equipped with DLC for scan tool hookup and data stream viewing
Vehicle instrument panel with indicator lamps
Control unit breakout box with OEM matching terminals for hookup of DVOM and oscilloscope
Disc/Drum four wheel brake assemblies
Fully functional parking brake system
55A DC power supply included
Fits through a standard 30 door opening
Functioning braking system with four mechanical gauges to display changes
Fault insertion box with six faults
All routine electrical and mechanical service procedures can be performed on this trainer including component replacement, adjustments and hydraulic bleeding.

Technical Specification :

Four Wheel Disc And Drum Disc Trainer
