Product Name:
Motor Driven Power Supply

**Product Code:** LBNY-0005-18400010

## **Description:**

Suitable for Power Supply with variable voltage the braking systems and the excitation of the machines through manual or automatic operation.

Automatic regulation of excitation to keep a constant voltage

DC output: 0 to 210 V, 2 A Power supply: 220 V, 50/60 Hz

## **Technical Specification:**

Motor Driven Power Supply

**Laboratory Instrument India**
