Product Name :
Three Phase Supply Unit

Product Code :
LBNY-0005-18400016

Description :

Power supply unit for Three Phase connection with 4-pole main switch. Three phase indicator lamps. 25A current operated earth leakage circuitbreaker, sensitivity 30 mA.
Switch for simulation of wind or photovoltaic energy power source.
Output through 5 safety terminals:
L1, L2, L3, N and PE.

Technical Specification :

Three Phase Supply Unit
